HOLES

by Louis Sachar

Holes (1998) is a Newbery Medal-winning novel by Louis Sachar. It was adapted into a screenplay for the 2003 film by Walt Disney Pictures. In 2006, Sachar published Small Steps, a companion novel featuring one of the characters from Holes.

10th Anniversary Edition Louis Sachar received great recognition for his groundbreaking story of Stanley Yelnats – a boy with a history of bad luck. As School Library Journal predicted in their starred review of the book when it was first published, “Kids will love Holes.” A decade later, the book is still quenching young readers’ thirst for a gripping story about a far-reaching family curse, friendship, adventure, endurance, and, finally, a generous helping of good karma.
